CenterEdge Advantage 13.4 Release Information

CenterEdge Advantage 13.4 is now available. Any customer with a valid support contract is eligible to receive the upgrade. Just email us at support@centeredgesoftware.com to schedule your upgrade as soon as Monday, February 24th, 2014.

Below, we've included a list of the new features that are included in version 13.4. Please note that some of these features may have already been included in later maintenance releases of version 13.3, but are included here for completeness.

PRINTER BANKS

- Printers can be configured and used globally, across a network
- Printers can be assigned to banks. Banks delegate printing tasks to different printers based on time and purpose
- Printer banks can be shared between multiple computers.
- Printers can be color coded within printer banks to match their wristband or other medium color
- Printers in a bank can print different colors based on the end times of sold tickets.
- Ticket Printer Color is displayed when making a sale in Point of Sale
- Color Coded Ticket and Wristband printing simplifies Capacity management and enforcement

LIABILITY WAIVERS

- Electronic waivers now have the option to add additional mandatory checkboxes into the waiver text to ensure customers read the full document, instead of scrolling directly to the bottom

RECEIPTS

- Receipts can be set to show the full player card number on receipts, rather than masking all but the final three numbers
- Multi-Time Ticket Receipts show all purchased times.

POINT OF SALE

- Show each reserved time when reserving an area over multiple time blocks
- Quick Tender Cash amounts can now be configured for multiple values and currencies

MANAGER CONSOLE

- Improved Manager Auto-Lockout function now allows unlocking by any manager qualified employee
- Address Template builder added to configure Contact addresses to match any country's address format
- Payroll data can be exported into Payce Payroll compatible format
