

Advantage Console

Decades of Expertise, Countless Configurations, One Powerful Package

Advantage Console is your all-in-one management system for any entertainment venue. Regardless of your venue's size, access a full suite of features to manage inventory, employees, accounting, reporting, and more. With custom setups, robust inventory management, detailed reporting, and team management tools, you can stay focused on your overall vision while managing every detail.

System Setup

Optimize your software configuration with extensive POS customization, seamless maintenance features, and secure data backups. Tailor the software to your business needs with comprehensive options to match your vision.

Cash Control & Accounting

Simplify calculations and let Advantage do the work. Track and allocate revenue to various centers, apply unique tax rates, and ensure seamless tax management and compliance. Easily track tills and export financial data for streamlined accounting.

Team Management

Build a productive team with comprehensive employee information management, seamless scheduling, accurate time tracking, and controlled user access. Integrate with your POS to track labor against sales for efficient and profitable operations.

Inventory

Gain precise control of your products with tools for creating items, tracking quantities, and managing custom recipes. Ensure accuracy with purchase order builders, digital stock rooms, auditing tools, and detailed recipe breakdowns.

Messaging & Notifications

Stay informed and communicate effectively with automated reminders and notifications. Receive texts for team assistance or till discrepancies, manage events with automated task reminders, and send customizable emails to keep guests engaged.

Reporting & Analytics

Unlock growth opportunities with extensive pre-built reports and custom reporting options. Explore data visually and access all the information you need to drive success.

"With Advantage Console, we've consolidated our CRM, improved inventory tracking, established electronic ride access control, and launched online ticketing."

— Brandon Roben, CEO, Oaks Park
